PROFESSIONAL SUMMARY

A Final year Computer Engineering undergraduate with a strong academic record. Passionate about frontend development and UI/UX design, with a focus on building intuitive and user-friendly interfaces. Seeking opportunities to apply technical skills and creativity in real-world projects.

SKILLS

Languages: Python, Java, JavaScript, C/C++

Web technologies & Database: HTML, CSS, React.js, MySQL

Tools & Platforms: Git, GitHub, VS Code

Soft skills: Management skills, Time Management, Team collaboration, Adaptability

ACADEMIC PROJECTS

Skillify – Skill Exchange Platform

HTML, CSS, JavaScript, Node.js, MySQL, Netlify

Skillify is a peer-to-peer skill exchange platform designed to connect individuals who want to learn and teach skills within a collaborative environment. The platform enables users to create profiles, list their skills, and find suitable learning partners, promoting knowledge sharing and community-driven growth.

Portfolio Website

React.js, Email.js, Netlify

A personal portfolio website developed to showcase my projects, technical skills, and achievements in a structured and visually appealing manner. It highlights my work in frontend development and UI/UX design, providing easy access to project details and GitHub repositories.

EXTRACURRICULAR ACTIVITIES

Food Zone Volunteer

Managed food stall operations during university annual fest, serving 100+ customers daily. Handled billing, customer interaction, and inventory coordination in a high-pressure environment. Collaborated with a team of 5 members to ensure smooth event execution.
